**KEEPING
BUSINESSES
SAFE**

WHY CHOOSE US

Security is rapidly becoming a business critical issue. Be it Physical or Network Security, you need a reliable partner who will be there at the "CRUNCH TIME."

We offer modern IP Surveillance with remote management, storage and web or mobile viewing options and Analytics such as Automatic Number Plate Recognition.

For Network Security we have partnered with Top Vendors such as CheckPoint, CISCO, Fortinet and many others to offer a wide array of solutions. From UTM, IPS, Mailguard, Database vault and advanced security solutions for Financial, Government and Corporate clients.

We've got you covered!
